

To Whom It Might Concern:

Irina Krumova has been a vital part of the translation process for BeConnected LTD company for more than two and a half years. She provided excellent translation and proofreading services in the Bulgarian, German, Dutch and English language pairs. The volume she translated is approximate to 30 000 words and the final quality was always exceptional. We recommend her as a professional freelance translator and we hope to continue our fruitful work relationship.

Sincerely,

Plamen Kuninski – Resource coordinator manager
